GLENDALE AND TROPICO PEOPLE ENJOY OUTING IN SAN GABRIEL CANYON

Quite a number of Glendale and Tropico people whipped the stream in San Gabriel canyon Sunday, and as a result trout is on the menu in several of our homes today.

One party of three machines left Glendale at 4 o'clock Sunday morning and shortly after daylight were busily plying their reels. In this jolly crowd were Mr. and Mrs. Joseph Webster and family, Mr. and Mrs. Clarence M. Good and family, Mr. and Mrs. Harry E. Betz and family, Mr. and Mrs. William R. Phelon, Mr. and Mrs. Myron L. Watson and Daniel Kelty. The ladies as well as the men of the party enjoyed the fishing, and to say the least, were just as successful as some of the gentlemen anglers. Mr. Good was the most successful, and as a result of his ardent work, claims the biggest string.

A delightful lunch was spread at the noon hour and a wienie roast was enjoyed in the evening before the party returned. With the exception of Mr. Kelty losing one of his shoes while fording the stream and having to return home with his dainty feet wrapped in canvass, there was nothing to mar the pleasure of the day.

Hundreds were in the canyon during the day, and machines and other vehicles of every contrivance were parked in all the available locations.

Dr. J. L. Flint was also pilot for a merry party consisting of Mrs. Flint, Mr. and Mrs. E. H. Collins of Los Angeles and Mrs. Irwin of Sierra Madre, who spent the day in this delightful spot.

UNIVERSITY FARM INVITES ENTRIES FOR STOCK PARADE

The "stock parade" at the annual university farm picnic at Davis on April 24 is to be thrown open to the participation of any owner of farm animals.

It has been announced by the University of California that outsiders are invited to send stock to march in the parade. Individuals or communities are invited also to send floats typical of farm scenes. This division of floats is to be made a novel feature of the stock parade. Each department of the farm will enter a float symbolical of its activities at the university farm and throughout the state.

Prizes have been offered by the merchants of Davis for the winners of the junior stock judging contest, which is open to anyone under eighteen years of age. There will be also a junior athletic contest, which will include the usual short distance races. A relay race will end the track athletic program. If sufficient interest is shown by the schools which enter prizes will be offered to the school winning the relay race.

One of the features of the day will be a brief program of addresses on the aims and ideals of the modern farmer and movements for rural uplift.

Tables are to be set about under the trees where basket lunches can be spread out. Hot coffee and cream will be furnished by the university farm. There will be music during the luncheon hour by the University of California quartet and the Davis concert band.

The stock parade will come immediately after luncheon. From two until three every department of the university farm school will be busy at its ordinary work in order that visitors may see what the activities of the farm school really are. Forges will be in operation, stock judging will be going on, and laboratory sections in botany and in veterinary science will be in progress.

At three will begin a baseball game between the university farm school team and a team from a neighboring high school. This game will decide the championship of baseball for the high schools of Central California. There will be also aquatic sports, an obstacle race, a pig chasing contest and various special demonstrations and talks for the benefit of women visitors to the university farm picnic.

FINE SOLO

A pleasing feature of the Sunday school Easter exercises at the First Methodist Episcopal church Sunday morning was the singing of an original Easter song written by Samuel Parker. It was arranged for the music of Adams "Oh, Holy Night," a classic composition and splendidly rendered by Mrs. Cammack, who was very happy in interpreting both the music and words. Mr. Parker, author of the words, was an auditor and was well pleased with the rendition. Miss Henry, accompanist, finely presented the somewhat difficult score.

The hospitality committee of the Tuesday Afternoon club will give an antique and curio exhibit at the home of Mrs. H. E. Bartlett, 101 Brand boulevard, Tuesday, April 6, afternoon and evening. Any person having any articles they will loan the committee please have them at Mrs. Bartlett's not later than ten o'clock Tuesday morning. A charge of 25c, including refreshments. All proceeds go to building fund of club.

EASTER EGG HUNT

On Sunday morning Mrs. M. G. Jackson and daughter Frances of 1446 West Third street made about twenty children happy with an Easter egg hunt. The little tots came at 8.30 and the colored eggs were hidden all around the grounds, so there was a merry time until they had all been found. Wonder and delight was on every face as nest after nest of the pretty eggs were located and it was surely a delightful hour thus spent on Easter morning. Those who took part in the hunt were Genese, Louise, Pauline and Vincent Barry; Donald, Isabel, John Blake and Josephine Franklin; Edward Foss, Raymond, Kathleen and Virginia Witt; Lavinia and Dorothea Humans; Marjorie and Wayne Yarick; Helen White and Earl and Dorothy Van Dyke.

EASTER ON Mt. RUBIDOUX

Mrs. Ida M. Terry and son Paul, Mr. and Mrs. Chester K. Aston and Mrs. H. A. Pennington were among those who motored to Riverside on Sunday morning and attended the sunrise Easter services on Mt. Rubidoux.

Dr. Locke of the First Methodist church of Los Angeles with his choir conducted impressive Easter services. The sight of the illuminated cross on the top of the mountain in the gray dawn as well as the lights of the many machines wending their way toward the summit, was an impressive sight. Twenty-five hundred autos were parked on Mt. Rubidoux and it is estimated that 10,000 people attended the sunrise Easter service.

EASTER SERVICES

CHURCH PEOPLE OF GLENDALE ATTEND EASTER MEETINGS IN LARGE NUMBERS

AT BAPTIST CHURCH

Easter Sunday at the First Baptist church was up to expectations, a full house at both services and music and floral decorations in keeping with the inspiring occasion. Many could not refrain from expressions of delight and appreciation over the work of the decorating committee and never was the choir in greater favor, the splendid training under Mr. Cunningham showing remarkable results.

In addition to the regular services of the day, the Sunday school held a special Easter service under the direction of the superintendent, Roy Kent, many of the parents being present to enjoy the singing and recitations of the children. An inspiring song service was conducted by the Baptist gospel team, corner of Brand and Broadway, at 6 p. m. This new organization is composed of the live, aggressive members of the local Baptist church and bids fair to make things move religiously in the San Fernando valley.

At the morning service Pastor Troy spoke on resurrection and immortality. Among other thoughts it was declared that immortality has to do only with the body in resurrection and to speak on the immortality of the soul or spirit is to reveal ignorance of biblical termonology. Life is movement in God, for in God we live and move and have our being. Life is not atoms of flesh and bone; life is spirit. In God who is spirit we live. The immortality of the body in the resurrection is the hope of the dead in Christ. For the corrupt must put on incorruption and the mortal shall put on immortality. Christ is the first fruits from among the dead and for that reason he only hath immortality. His body did not suffer corruption in the grave, neither was his soul left unto hades. Christ came to bring life and—something more—immortality to light through the gospel. As all died, that is, become mortal in the first Adam, the body turning to dust, so shall all be made alive, that is, resurrected in the last Adam, for the time is coming when all that are in the graves shall hear his voice and come forth, some to salvation and some to condemnation. Immortal life means resurrection and living in the glorified body here on earth.

A large number of candidates for baptism await the next baptismal service, which is announced for the coming Sunday evening. A number were baptized at the Easter Sunday evening service.

FIRST ENGLISH EVANGELICAL LUTHERAN CHURCH

Easter Sunday was a day of great joy to the friends and members of the congregation. Rev. R. W. Mottern, A. M., entered upon the work of pastor in this first service conducted by him. The Lord's supper was observed, which was enjoyed by a good number present, which would have been much larger but was prevented by the rain of the morning.

Persons from distances could not be present. The excellent attendance at this service on the part of friends and members of the congregation indicates the excellent promise of the field incident to the coming of Pastor Mottern and assures to the work a hearty and abundant successful ministry. The excellent Easter sermon was a splendid privilege to those who were present.

CHRISTIAN CHURCH

The "responsive service," which was the Easter program at the local Christian church, was a very interesting and instructive one, detailing the incidents in the last days of Jesus and in scripture and song vividly impressing on the mind his great sacrifice for the world.

The musical numbers of the program were printed in Saturday Evening News. Under Prof. Jordan these were beautifully rendered, all the voices being in splendid condition. A number of the scripture readings were given by members of the church who are not in the habit of taking part in the service in such a public way, which was an innovation enjoyed by all.

The evening service was conducted by the Christian Women's Board of Missions, who had full charge. Mrs. R. M. Jackson presided in her usual splendid manner, the devotional scripture reading and prayer were given by Mrs. Jeter and papers by Mrs. Durfee, Mrs. Jackson, Mrs. Heacock and Mrs. Hagin were very ably written and beautifully presented. The capabilities of the women of this church are well known.

TROPICO ITEMS

N. C. BURCH RETURNS AFTER A PLEASANT SOJOURN AT HIS OLD HOME

Judge N. C. Burch, city clerk of Tropico, returned the latter part of the week from a three weeks' vacation trip, which was enjoyed in Jefferson City, Mo., the judge's former home. While in Jefferson City he was the guest of his brother, Mr. Oscar Burch, president of the First National bank of that city. Our fellow townsman keenly appreciated the pleasure of greeting so many of his former business associates and friends of the old Missouri state. Returning home, Mr. Burch visited his daughter and family, Mr. and Mrs. Louis Wagner of Denver, Colo. Mr. Wagner is a prominent attorney in Denver. A delightful visit was also enjoyed in Los Vegas, where Mr. Burch was the guest of his nephew, Earl Burch. The judge returns to his official duties very much rested and declaring that he is at least twenty years younger than when he left on his three weeks' trip.

Services at the First Methodist Episcopal church Sunday were full of the Easter spirit. Hundreds of stately calla lilies, combined with feathery ferns and the graceful white Cherokees, adorned the auditorium and made a fitting background for the little tots of the Sabbath school, whose sweet songs and recitations formed the program for the evening services. At the morning services Dr. R. T. Smith delivered the Easter sermon, "He Is Risen," and an elaborate musical program was given by the members of the choir. Mrs. L. J. Frederickson sang "O Eyes That Are Weary" and Miss Emily Kopp sang "The Crucified" with rare sweetness.

Mr. and Mrs. George Lunn, accompanied by their grandson and granddaughter, Mr. Allen and Miss Blanche Davenport, and Mrs. Thomas C. Gaither and her sister, Mrs. Alameda Hawn of Sacramento, returned Saturday evening from San Diego. Mr. and Mrs. Lunn and party motored to San Diego Thursday, where they enjoyed a most delightful visit at the exposition, in Tia Juana and other places of interest in and around San Diego.

Mr. and Mrs. Charles La Fountaine have moved from Mira Loma street in the Gardena tract to their new residence on Oak street.

Mr. and Mrs. M. Stebbins of 219 North Louise street entertained at dinner Sunday, their guests being Judge and Mrs. M. Pardo, Sir Francis and Mrs. Booth.

Miss Elsie Anderson, under whose artistic touch the auditorium of the First Methodist Episcopal church presented such a pleasing and attractive appearance in its beautiful decorations at Sunday's services, gathered the beautiful floral decorations early this morning and took them to Los Angeles, where she distributed them among the sick of several of the hospitals.

Mrs. Fred Lang of South Central avenue has as her house guests Mrs. W. E. Hunt and her daughter, Miss Hunt, of Indianapolis, Ind.

Saturday evening the young men of the First Methodist Episcopal church of this city organized a Baraca class, electing Mr. Will Hewitt as president.

The card party to be given by the ways and means committee of the Tropico Thursday Afternoon club on Friday evening in the G. A. R. hall, will be one of the most delightful social functions of the week. Mrs. Wesley H. Bullis, chairman of the committee, is being assisted by Mrs. O. Earl Clements and Mrs. C. M. Good. Whist and five hundred will be enjoyed and handsome prizes will be awarded the successful contestants.

ENJOYING CALIFORNIA

Mr. and Mrs. Charles Bosserman of La Porte, Ind., who have been spending the winter in Glendale, expect to leave for home in a few days. In the meantime, they are enjoying California to the utmost, having brought their big touring car along, and are thus able to take in many of the delightful trips surrounding Glendale. Today they, with Mr. and Mrs. LeRoy Bosserman and Mr. and Mrs. Jerome of Nebraska, have taken the trip through Hollywood and surrounding country, taking dinner at the Tea Cup Inn of Pasadena. Sunday they motored over to Pasadena, where they attended Easter services, and Saturday Mr. and Mrs. Charles Bosserman, with Dr. and Mrs. Colin Cable, motored up the valley to Van Nuys and Lankershim, gathering many wild flowers and returning for dinner in Los Angeles.

UNEMPLOYMENT

R. GILHOUSEN SAYS EFFICIENCY NOT A FACTOR IN LOW WAGE PROBLEM

Editor News: Your answer to "A Friend" is hardly the last word on the momentous question of low wages and unemployment. Can you marshal facts to prove your emphatic statement that "efficiency will solve the whole problem?" There are many things that bear on this subject that cannot be brought out in a short article. Broadly speaking, efficiency cuts a very small figure in the problem of unemployment.

To get a clear grasp on this subject, one must have an understanding of the capitalistic system and what it is based on. Surplus value through the wage system is the heart of capitalism. Capitalism can no more exist without surplus value than man can exist without breathing. Our whole social and industrial system is based on surplus value. Or, in other words, exploitation of labor. And exploitation of labor cannot be maintained without an unemployed class.

Again, money is the life blood of the nation. When the blood in the human system is withdrawn, we wither away and die, so when money is withdrawn from circulation by the big money lords, our industrial activities wither away and die.

When the mines, factories and industries are closed down and hundreds of thousands of willing workers are thrown out of employment, regardless of their efficiency. Take today's situation of the cotton industry. We have an abundance of willing and efficient workers who want to consume cotton goods; and while cotton is more abundant and cheaper than it ever was, we have the mills standing idle. We are forced to the conclusion that there must be something radically wrong.

The real estate men are now just as efficient and just as anxious to pick up a dollar as they ever were, but we notice that they are not overworked. The carpenters, plumbers, masons, cement men and mechanics all down the line have lost none of their efficiency, yet what few are employed have outbid their fellow workers and are working at reduced wages. When there is no chance to make a profit on your product or your labor, no matter how good the product or how efficient the worker, your product will remain unsold and your labor be turned away.

This is an age of machine production and the machinery of production is owned and controlled by the few and operated solely for a profit. You cannot disprove the fact that the large majority of wage earners are entirely dependent on the few captains of industry for employment. Men, women and children are alike exploited for greed of gain.

You say truly that this is "the way of the world," but it is only maintained through the ignorance and stupidity of the working class. Vice-president Marshall recently said that the working class only received about one-fifth of what they produce. As many lines of production pay a fixed wage, it follows that the most efficient receive the least share of the product. As everything has its time to grow and mature and pass away, so capitalism has grown and is now bearing its legitimate fruit in the devastating conflagration of war that like a mighty whirlwind is sweeping the earth. For it is no longer denied that it is a war for the supremacy of the world's markets to sell this surplus value, wrung from the lives of the working class.

Capitalism's days are numbered. Its foundations are crumbling away. The handwriting on the wall is not hard to read. Surely has it been weighed in the balance and found wanting.

R. GILHOUSEN.

EASTER EGG PARTY

Miss Elizabeth Porter of 823 North Brand boulevard entertained the little girls of her Sunday school class of the Presbyterian church with a delightful party and Easter egg hunt on Saturday afternoon. The eggs were scattered about the large grounds and much merriment was caused by some of the funny places in which they were found. Elizabeth Edmonds won the prize for the most eggs. Then there was an egg race and other games on the lawn, after which they all repaired to the dining room, where the table was decorated with bright flowers, tiny baskets of eggs and dainty placecards. Those who enjoyed the afternoon were Agnes Tupper, Inez Harrison, Olive Taylor, Aileen McMaster, Alice Hietrick, Corrietta Connor, Pauline Kries, Elizabeth Edmonds and Martha Eilers.

ABIDE BY LAW

GLENDALE NEEDS NO SECRET GUARDIANS OF LIBERTY SAYS FATHER O'NEILL

Editor News: I appreciate the manly tones of Mr. Usilton's letter in The News. He repudiates connection with the committee which waited on Mr. L. E. Brockman. This committee stated that "the priest was trying to run the pubiic schools" and wanted the candidate to pledge himself to allow no Catholic to teach in the public schools of Glendale.

As was remarked in last Saturday's News, "it seems strange that a law forbidding aliens to teach in the public schools of California should be fourteen years old and apparently just discovered."

So with another law which is evidently overlooked in Glendale. Article 9, section 8, of the constitution of California:

"No public money shall ever be appropriated for the support of any sectarian or denominational school, or any school not under the exclusive control of the officers of the public schools; nor shall any sectarian or denominational doctrine be taught or instruction therein be permitted, directly or indirectly, in any of the common schools of this state."

An important clause follows:

"Any teacher in the public schools breaking this law forfeits his or her salary."

Now Glendale does not to similar band like the aforementioned committee to secretly demand pledges or enact laws governing its public schools. Let us abide by the constitution of California and be above board like honorable citizens.

JAMES S. O'NEILL, Pastor.

6000 MILES ON FOOT

Mrs. Howard, manager of the Central hotel, had for a Saturday and Sunday guest the world's greatest pedestrian in the person of Henry Stewart.

Mr. Stewart started from his home in San Diego five years ago, has traveled entirely around the world, covering the land distances entirely on foot. His coat was almost covered with medals, seals, etc., of foreign countries. He also carried a book containing over a thousand names and autographs of mayors, governors and rulers of the places which he visited.

Mr. Stewart is a very fluent talker and his conversation very interesting. He expects to eat dinner in his old home in San Diego next Sunday.

EASTER SERVICES
(Continued from Page 1)

the Easter time were very beautiful. Lilies, many other white flowers, vines and ferns were banked about the pulpit and platform and formed a beautiful setting for the scenes of the program.

A "contest" between the men's and women's classes of the Bible school has been begun and as both these classes are very large and of nearly equal size, it will undoubtedly develop into a most interesting rivalry. The men took the lead on the opening day Sunday, but they have some hard contestants among the women workers.

In addition to the mid-week prayer meeting, which will be led by L. E. Berkey, the announcements for the week include an afternoon session of the C. W. B. M. on Thursday at the home of Mrs. Kilborn on Brand and Lomita and the regular monthly meeting of the board of officers of the church, which will be held this evening.

PRESBYTERIAN CHURCH

Although the day promised rain, a large congregation assembled on Easter morning to participate in the unusually interesting services of the day. Rev. W. E. Edmonds delivered the sermon on "The Resurrection," taking for his text I Cor. 15:23, "Every man in his own order; Christ the firstfruits, afterwards they that are Christ's at his coming."

The preacher called attention to the idea of vicarious sacrifice, running through the scriptures from beginning to end, and especially to the custom of offering the "firstfruits" or best of the lowest as set forth in Leviticus.

The idea of resurrection presupposes necessarily the putting away or the burial of that which is to be resurrected, as Jesus was put in the sepulchre and remained for three days. The first part of the text had reference to the military formation of men into their own regiments, companies or "order" and so eventually all men will be placed in the order to which they belong; the believer in one and the unbeliever in placed upon the fact of their being two resurrections for those who have dwelt upon the earth. The first will be a resurrection of the believers, those who are Christ's at his coming, and for whom there is no further "judgment" as they are already accepted. This coming will occur while there is yet a generation of mankind living upon the earth. The second resurrection will be for the unbelievers who will then be brought to judgment.

CONGREGATIONAL CHURCH

All services Sunday were largely attended, as was expected. The Sunday school presented an interesting program of song and readings.

At the 11 o'clock service a large audience assembled. Twenty-five were received into the church. This was a joy to the pastor and an inspiration to the church. Many partook of the communion.

Rev. Geo. Rawson of Los Angeles, a well-known and highly esteemed Congregational minister, assisted the pastor in the communion service. An audience which overflowed into the side rooms assembled for the evening service. The musical program which was announced in Saturday's News was rendered. The choir and those who so ably assisted are receiving many compliments upon the splendid manner in which they rendered the music of the evening. It is not often in large city churches that one is privileged to hear a musical service of so high an order so ably rendered.

Pastor and people feel that the day was a most blessed and helpful one. Plans are already made for important services next Sunday.

TWO LITTLE GIRLS TO DANCE ON ROBBINETTE PROGRAM

One of the most attractive numbers of the Robbinette program will be the minuet sung by the club. At the close of this number two of Glendale's popular tiny tots, Lois Naudain, daughter of Mr. and Mrs. Earl R. Naudain, and Dorothy McGinnis, daughter of Mr. and Mrs. J. J. McGinnis, will dance the minuet in old-time costume, Miss Lois wearing the black satin knickerbockers and coat, Miss Dorothy the long skirted flowered gown.

These little girls have already won plaudits for their perfect dancing. Their teacher, Miss Brown, has very cleverly arranged the minuet for the two, and the trick of balance is cleverly demonstrated by the two children.

Tickets on sale at Roberts & Echols and at Bott's stationery.

TO MEET NEXT TUESDAY

Owing to the Easter vacation and the absence from the city of the president, the Parent-Teacher association of the high school will not meet until next Tuesday, April 13, at 3:15 o'clock. At that time an interesting program will be presented. The new constitution will be adopted.

CONGREGATIONAL CONFERENCE

Rev. E. H. Willisford, pastor of the First Congregational church, left this morning for Avalon, Catalina island, to attend the annual meeting of the Congregational ministers. This conference will be in session for several days. The forenoons and evenings are devoted to conferences and the afternoons to rest and recreation.

Mrs. Norma Rockhold Robbins of 911 Lomita avenue entertained as her guests at the delightful musical tea given by the Dominant club at Ebell clubhouse in Los Angeles Saturday afternoon Mrs. Harry Gibbs, Mrs. Louis G. Sherman, Mrs. Arthur L. Lewis and Miss Catherine Lewis. Mrs. Robbins is the director of the Robbinette club and has been working hard for the delightful surprise concert on the evening of April 13th.

A pretty good firm is Watch & Waite.
And another is Attit, Early & Layte.
And still another is Doo & Dairet.
But the best is probably Grinn & Barrett.—Service.

DAMAGES FOR THE FRYE

The pleasing news comes from Berlin that Germany will pay $180,000 damages on account of the auxiliary cruiser Prinz Eitel Frederick sinking the American schooner William P. Frye.

Germany holds the United States should not only demand but should compel observance of the principle that foodstuffs intended for the civilian population are not liable to capture. Of course, if any effective blockade should be established and maintained, a blockade enforced in accordance with recognized rules, Germany would agree that noncontraband could be captured. But it is not possible to blockade a neutral country and she holds this is precisely the effect of the British order-in-council.

Notes from the treaty from which Germany makes her decisions are as follows:

"But in the case supposed of a vessel stopped for articles of contraband, if the master of the vessel stopped will deliver out the goods supposed to be of contraband nature, he shall be permitted to do it, and the vessel shall not in that case be carried into any port nor further detained, but shall be allowed to proceed on her voyage.

"All persons belonging to any vessel of war, public or private, who shall molest or insult in any manner whatever the people, vessels or effects of the other party, shall be responsible in their persons or property for damages and interest.

"If one of the contracting parties should be engaged in war with any other power, the free intercourse and commerce of the subjects or citizens of the party remaining neutral with the belligerent powers shall not be interrupted.

"On the contrary, in that case, as in full peace, the vessels of the neutral party may navigate freely to and from the ports and on the coasts of the belligerent parties, free vessels making free goods, in so much that all things shall be adjudged free which shall be on board any vessel belonging to the neutral party, although such things belong to the enemy of the other; and the same freedom shall be extended to persons on board a free vessel, although they should be enemies to the other party, unless they be soldiers in actual service of such enemy."

SANTA FE ENGINEER'S NERVE

The presence of mind of Engineer A. C. Long of the eastbound California limited saved the lives of hundreds of people Sunday afternoon, when a misunderstanding of signals caused a head-on collision of the Santa Fe's two finest trains, the eastbound and westbound California limited, at Monrovia.

Engineer Long was running his train, in charge of Conductor Hopkins, on to the Monrovia siding. Suddenly, ahead on the main line, he saw No. 3, westbound, hurtling toward him. In another moment No. 4 would have been curving around on the siding, with the flank of some of her coaches turned to receive the blow of the oncoming locomotive. The magnificent nerves responded, Mr. Long reversed his engine, and, back on the main line, presented his locomotive's head to the crushing blow.

It smashed and derailed the locomotives and tenders and fused the Pullman's brake shoes, but left the heavy vestibuled trains otherwise intact and on the rails. The damage was estimated at $5000. It was believed the track would be cleared early today.

Several of the passengers were slightly bruised, but there were no serious injuries. Both engineers jumped from their cabs before the awful impact came, which hurtled the engines forty feet apart.

Glendale community needs 1000 men who do not look backward in business undertakings. Forward is the watchword.

SEVENTH DAY ADVENTIST

That a universal empire eventually will rule throughout the world, that Jesus Christ will be king, and that of his dominion and of peace there shall be no end, were statements made by Elder G. B. Starr in a sermon at the Glendale Seventh Day Adventist church, Third and Isabel streets, Saturday morning. Elder Starr is chaplain of the Melrose, Mass., sanitarium.

"The idea of universal dominion is correct," Elder Starr said, "and the world never will see universal peace until it is brought about, and Christ is king in person. But now the selfish hearts of all the kings impel them to aspire to the position of world ruler. All cannot have it, so there is strife. In Revelation 13 we are told the world would wonder after a certain power, but it is not the power of Jesus Christ, for the people spoken of are those whose names are not written in the book of life of Jesus Christ.

"Even the devil has some truth, but he wrests it from its true meaning. Truth should lead to Christ, its author. It would, were it not for the error mixed with it. Satan is the personal enemy of Jesus Christ and of everyone who believes in Jesus Christ. It is Satan's effort to place the gems of truth in a wrong setting and to draw away from Jesus.

"For example, everybody believes in creation. New creatures continually are brought into existence. A great harvest is reaped every year. God has put life in the seeds. But man sees only a great power at work. He fails to recognize the Creator, and so he has exploited the nebula hypothesis and the evolution theory. These lead away from Christ, robbing him of his divinity and robbing man of his birthright as a son of God. Yet we are told in the Bible that Christ 'was in the world and the world was made by him and without him was not anything made that was made.' He created man just as truly as he created Jupiter and Saturn and this earth. If that is true, each one of us is under a great obligation to him. He not only created us, but he came to redeem us, and it is our duty to accept his sacrifice.

"The whole world believes in a Sabbath. Apart from Christ its observance is without meaning. But to Christ's followers the Sabbath is a memorial of the Saviour's creative work. He said the whole creation should rest on the day on which he rested. But without rest from sin it is impossible truly to keep the Sabbath.

"God says in the Bible that the whole earth shall be filled with the knowledge of the glory of God as the waters cover the sea. Men have taken this from its setting in an effort to show that there will be 1000 years of happiness. Why, friends, it will be forever, not for 1000 years only. Men say there will be a millenium of happiness, and then Satan will be let loose, and the whole plan will be spoiled. That is not what God's word teaches. The truth is wrested from its setting to support erroneous theories.

"Again, take the matter of education, of improvement. The world desires to improve. It is trying to improve itself. Men have organized hundreds of secret societies and clubs in order to better themselves. But what have they accomplished. Over and over we have been told if we would just join the new party and vote for the new president all would be well. But things don't right themselves in that way. A lodge member of high degree told me if I would live out all the teachings of his lodge nothing more could be desired, for man would be perfect. But he admitted no man ever did it, not even himself. The lodges lack the power to give life to the principles of right they teach, but that power is in the gospel of Jesus Christ. You cannot reach your own standards of right without the power of God in your life, which is to be had through prayer. The only possible way to become a disciple of Jesus Christ and receive the benefits therefrom is to continue in his word, to know it and to live by it, for Jesus Said, 'Ye shall know the truth and the truth shall make you free.' God's word is powerful and fully able to break the shackles of sin. 'If the son, therefore, shall make you free, ye shall be free indeed.'"

In addition to the Saturday morning services, meetings are being held at the Adventist church each Sunday night at 7:30. Dr. V. H. Lucas spoke Sunday night.
